PROFILE SUMMARY

Java Fullstack Developer skilled in building responsive web applications using **HTML, CSS, JavaScript, and ReactJS**. Strong backend knowledge with **Java and Oracle SQL**, focused on delivering clean, efficient solutions. Eager to apply technical skills to contribute to innovative projects in a dynamic environment.

PROFESSIONAL EXPERIENCE

Cogitix Tech Solutions | Nagpur, India | Web Developer Intern

Aug - Oct 2024

Internship | Remote

- Developed multiple projects as a Web Developer Intern, including developing a responsive portfolio website, building a dynamic blog platform with CRUD capabilities, creating an interactive e-commerce product page with an add-to-cart feature, and developing a RESTful API for task management.
- Additionally, contributed to live projects by implementing an admin panel for academic resources, a job portal with search and filter functionality, and a secure user authentication module, ensuring real-time updates, responsive design, and robust security measures.

Besant Technologies, Velachery | Fullstack Web Development

Jan - Sep 2023

Course | Internship

- Completed an intensive Full stack web development course, gaining comprehensive knowledge and hands-on experience in frontend and backend technologies.
- Completed a six-month Internship at Besant Technologies, honing practical skills and gaining real-world experience in Fullstack web development
